

## Property Policies

68 Wood Street Lewiston Maine 04240

### Parking

Wood Street is the only GFDG property that does not have parking on site. Starting in the winter of 2012 the City of Lewiston will no longer exercise a City-wide overnight winter parking ban. On September 4th 2012 the City Council adopted a City-wide emergency parking ban system to be utilized as needed on a storm-by-storm basis. Vehicle owners parking on any City street when a ban is declared will receive a \$30 fine plus pay for towing at their expense.

GFDG encourages all Lewiston residents to familiarize themselves to the new parking rules as well as sign up for Parking Ban notifications at [www.lewistonmaine.gov](http://www.lewistonmaine.gov).

### Trash

Trash pickup occurs every Wednesday

Please familiarize yourself with the City of Lewiston's [Trash Pickup Schedule](#)

### Winter Heating

Policy is coming soon

### Snow Procedure

Great Falls Development Group contracts an outside company to provide snow plowing and shoveling services. Sylvan Avenue, and Second Street will have their respective parking areas plowed after any significant snowfall. If at all possible, please coordinate temporary moving of your vehicles in the event the plow comes to your building. This will provide the person plowing the ability to do a quick and efficient job and make the driveways that much better to park in afterward.

At all properties, shoveling, sanding and or salting of walkways will also be done after significant snowfalls. If you find the walkways too slippery, GFDG provides salt and sand at each building. Please feel free to sand and salt, or call GFDG to report the situation.

### **School District**

#### ***68 Wood Street – Lewiston***

68 Wood Street is located in the newly built [Geiger School district](#).

Opened in 2009, Geiger Elementary School is located at 610 College Street.
